

COAST 2 COAST FOOTBALL ("C2C) PLAYER AGE DIVISION POLICIES

All C2C participants are best served by playing in their proper age division for reasons of safety and skills development. C2C determines a player's age on September 1 of the calendar year.

The Board of Directors of C2C will request proof of age to be established. As a result, all registered players are required to provide proof of age **before** they receive their uniforms. Proof of age shall consist of a photocopy of a birth certificate, valid driver's license, passport, or birth registration issued by an appropriate governmental agency. Hospital, Baptismal or religious certificates will not be accepted.

It is the responsibility of the Head Coach to gather and present the required documentation to a C2C Staff Member when collecting the team's uniforms. Failure to respond to such request shall result in the immediate suspension of the player involved and forfeiture of any competitive League games in which that player participated.

No participant of C2C will be considered to play in a younger age division without a written request from a licensed medical doctor. The President of C2C must receive a written request from a parent, prior to Team Formation, with a doctor's note attached. The President or President's designee will evaluate each request on a case-by-case basis, although it is not C2C's intent to allow participants to "play down" in age.

No participant in the C2C program may play in an age group older without the permission of the League President. This permission must be requested and obtained during the registration process, as early in the process as possible. The President is the sole authority at C2C who may approve or disapprove of such play. The President may consult others within C2C, if desired, but the decision rests solely with the President. Areas considered in making the decision may include: What is the benefit to the participant? Is the participant sufficiently skilled and otherwise properly matched to play up in age?
